TIMELINE

Dashboardify

By: Žygimantas

Items:

- **The journey Begins**
Irmantas, Martynas and Žygimantas starts they Intership
- **Decided stack**
Chose tools, to work with
- **Great start**
Chrome plugin is working, time to play some pool
- **First exception**
Some things didn't work as expected
- **Back to school**
School year started, the project slowed down a bit
- **Unexpected troubles**
- **You da real MVP**
First working version
- **Handing over to QA**
- **Shapping the product**
MVP is done, time to improve it
- **This is the end**
